knights in armours have their Achilles heel in ice attacks As for the small fairies you ll find out that their weakness lies in fire The good thing about summoning personas is that the game will be paused and you will be able to look out for the best attack and the effect area The all out attack concept from its predecessor also continues in this version This effect makes all the soldiers to get into a rage mode and attack everything in a large area As a way of chipping in some quick tips you must be aware of the characters with full health the strength and weaknesses of everyone and do not over use one character DO NOT DELAY GET YOUR COPY NOW BY CLICKING ON THE BUY BUTTON
